

Pune Spine Course 2010

Cadaveric Hands-on Workshop

Organized by : MIMER Medical College, Talegaon
In association with Poona Orthopaedic Society

Venue

MIMER Medical College, Talegaon
August, 21 & 22 ,2010

Dear Friends,

We are conducting a cadaveric Spine Workshop and update in Surgical Skills on August 21 and 22, 2010.

All the Registered users shall be given an opportunity to perform surgical procedures on the cadavers under the guidance from eminent faculty.

Our expert faculty shall demonstrate surgical approaches to the thoracic, cervical and lumbar spine. We shall also cover spinal instrumentations pedicular screws, cervical, lumbar, lateral mass screws, basics of management of sciatica and basic MISS and needle techniques in Spinal Surgery.

A separate video session on routine spine procedures will help you to understand these procedures.

We will be restricting registrations to 50 delegates only.

The accompanying spouses shall have a reason to cheer as we have planned excursions to Karla and Bhaje Caves and a boating trip to keep them busy.

The weather in Karla which is just 12 kilometers away from Lonawala would be awesome in August and this will turn out to be a memorable Workshop for you all.

We look forward to having you with us!

Regards,

Dr. Arvind Bhave
President POS

Dr. Arjun Viegas
Secretary POS
