ILIZAROV EXTERNAL FIXATOR

Annual Workshop CME on External Fixators

2nd & 3rd October, 2009

Organised by
Dept. Of Orthopaedics
M S Ramaiah Medical
College & Hospitals

Venue:
M S Ramaiah Memorial Hospital
Basement, Auditorium
New BEL Road, BENGALURU, Karnataka State

Dear Friends

This and all future Gandhi Jayantis are going to be a turning point in your careers.

Every Orthopaedic Surgeon learns to and performs Orthopaedic Surgeries of many a kind of which External Fixation methods are probably performed by almost all.

To start from the beginning to learn how to do and what not to do and keep improving in any Orthopaedics Field by having such Workshops and CMEs has been the goals.

What will you learn here? Of the many External Fixators, the commonest AO & Mini External Fixators (JESS / UMEX) and the least performed but admired and envied, The Ilizarov Ring External Fixators have been selected. This Second Basic Course will be followed by another advanced course. You will learn all about the above Fixators, components and how to use them (And of course, how not to!!)

We assure you will go back enriched with all you wanted to know and learn about these Fixators.

So, Friends, Just Come, Just Learn.

Organizing Secretary
(Dr Harshad M Shah)

Tentative Programme: Day 1

Friday: 02 October 2009; 9:00 AM to 5:00 PM

Time	Particulars
